COMPLETE DOCUMENTATION PREPARATION PACKAGE

The Complete Documentation Preparation Package enables you to sit back and relax while we handle everything necessary to get your documentation ready. This is a popular option for the busy professional who has little time to work on their citizenship documentation!

The package fee includes:

- All time expended ordering your documentation and giving advice on your documents. This includes preparation of amendment applications to be sent to state vital records offices, if required so that your documents are accepted by the consulate or town of application. If it is determined that a document needs to be amended, so that your citizenship application is successful (and legal assistance is required), then any legal and court fees are the client's responsibility.
- All document and apostille fees.
- All English – Italian translations.
- Advice on making a citizenship appointment at a consulate. The consulates insist that the applicant do this step.
- This includes emails, up to four phone consultations per month, and one free Zoom consultation meeting with Melanie Holtz, the owner of Lo Schiavo Genealogica, per month. If you require additional Zoom consultation meetings or wish to speak with us outside of our posted business hours, it is \$150 for each additional update given, billed at the time of service and to be paid in advance.
- Preparation of your citizenship portfolio and advice on your citizenship appointment.

If a document is needed from a country other than Italy or the US, it may be necessary to subcontract a local researcher to acquire the document. The fees for said subcontracting would be the client's responsibility. If this is necessary, the client shall be informed ahead of time.

If your lineage includes documents from New York state, outside of New York City, a court order may be required to release documents. The fee for such legal work is the client's responsibility and are not included in the package fee.
