DIY DOCUMENTATION ASSISTANCE PACKAGE

The DIY Documentation Assistance Package is for those people who want to do most of the work necessary to get their citizenship application ready! The package fee includes:

- Advice on getting the US vital records and naturalization documentation.
- Acquisition of the Italian documents, including any research necessary to find them.
- This includes emails, and up to four phone consultations per month, and one free Zoom consultation meeting with Melanie Holtz, the owner of Lo Schiavo Genealogica, per month. If you require additional Zoom consultation meetings or wish to meet with us outside of posted business hours, it is \$150 for each additional consultation, billed at the time of service and to be paid in advance.
- Advice on getting any amendments required by the consulate or Italian town of application. If it is determined that a document needs to be amended, so that your citizenship application is successful (and legal assistance is required), then any legal and court fees are the client's responsibility.
- Translations of all US vital records.
- If a document is needed from a country other than Italy or the US, it may be necessary to subcontract a local researcher to acquire the document. We will help you find an appropriate researcher. The fees for said subcontracting would be the client's responsibility.

FEE:

\$2,500 (for up to two generations between you and the Italian immigrant)

\$3,000 (for up to three generations between you and the Italian immigrant)

\$3,500 (for up to four generations between you and the Italian immigrant)
