

# Italian Citizenship Research Form

Before we begin researching your family's history, we need some information from you. The more you can give us, the better – we'll be able to move much faster if we have a more solid base to start with. Please supply as much detail as you can, but don't worry if you need to leave some things blank. We can always fill them in later as more information becomes available. If anything doesn't apply, just leave it blank.

This form traces only the Italian ancestry that you would like us to consider for citizenship. For each generation, please consider the direct-line Italian ancestor as the main one. For example, your great-grandfather emigrated from Italy. He had a daughter (your grandmother), who had a son (your father), who had you. Your "Italian Parent" will be your father. Your "Italian Grandparent" will be his mother. Your "Italian Great-Grandparent" will be her father, the original Italian emigrant.

Family members who apply for citizenship together at the same Consulate can often share some of their documentation, reducing the cost for each applicant individually. If you need more space for other family members, please include their information in an email to us!
